

# Glass Cover 180™ and 365WB™

Glass Cover 180™ a blue tinted 6 month film and 365 WB™ a 12 month film blue tinted or clear, temporary glass protection films featuring a pressure sensitive adhesive system. This polyethylene film is designed for indoor and outdoor use. Protects glass from stucco damage, scratching and paint overspray.

# Glass Cover 180™

## FEATURES, ATTRIBUTES AND BENEFITS:

- ★ Protects glass during painting, stucco application, construction, remodeling, demolition, tenant improvement, transportation and installation
- ★ Clean release for easy removal without adhesive transfer
- ★ Use Glass Cover 180™ outdoors or indoors on jobs up to 6 months long
- ★ Use Glass Cover 365 WB™, a 3 mil film, for long term jobs up to a year
- ★ Acts like a second skin to protect glass from worker's activities, reducing cleaning and scraping
- ★ Windows can be opened without destroying the film
- ★ Works well on many types of window frames
- ★ Very economical! Designed to save you time and money
- ★ Stocked in blue tint, also available in clear
- ★ Special order custom sizes available
- ★ Waist Applicator for easy application also available
